

**FCC POLLOCK, LA.  
FACILITIES CENTRAL UTILITIES PLANT  
ALTERNATIVE WORK SCHEDULE  
AMENDMENT**

**Original Language:**

9. Overtime coverage for the Central Utilities Plant will be assigned as outlined in this agreement, and in accordance with the Master Agreement. Overtime in the Central Utility Plant will be offered first to the Central Utility Plant Operators, then to any qualified staff available. In the event a staff member calls in absent from work, and a staff member is unavailable to work as outlined above, The Central Utility Plant Operator currently on duty will work overtime to provide coverage for the vacated post, not to exceed 16 consecutive hours unless voluntary. This is due to Federal Law concerning total hours worked in a day, and Article 18 of the Master Agreement concerning time off between shifts. Management will begin the process to fill the remaining part of the shift.

**Replaced with:**

9. Overtime in the Central Utilities Plant will be offered to any qualified staff utilizing the procedures outlined in the Supplemental Agreement on Procedures for FCC Pollock, LA. When Hiring Overtime.
