MEMORANDUM FOR: Calvin Johnson, Complex Warden

FROM: B. Richmond, President, Local 1034

SUBJECT: Change reflected in P.S. 5321.08 Dated 8/10/2017

Change reflected in Unit Management Manual P.S. 5321.08 dated 8/10/2017 that affect our schedule agreement dated 04-11-2011.
The change is as follows:

- Changes late night coverage to: There is no requirement that all nights per week be covered

The previous agreed upon "no more than one late night with double coverage" was set due to the "five late night concept" established in the previous Policy dated 9/16/1999. With the change being made in the new policy directly related to late night coverage agreed upon by Management and the Union on the national level, we also agree to meet these new requirements of this policy and make out an agreement that reflects the current "late night" coverage as stated above. In doing so, the following language is agreed upon to meet this requirement.

Language Added in #2: There is no requirement that all nights per week be covered.

Replaced Language in #2: There will be no more than one late night with double coverage.
